

# Forestry crane with gear winch F6284 & Uniforest 70GX

**THE PRODUCT  
INNOVATION 2025**

## The HIGHLIGHTS

- unique combination of forestry crane and powerful gear winch
- three-point solution for flexible use with compact design
- wide spread of stabilizers for improved static stability when working sideways
- winching, cutting and stacking possible all in one - from trunk to top
- available with joystick and radio remote control

## Technical data forestry crane

| Technical Data Forestry Crane F       |         | 6284                 |
|---------------------------------------|---------|----------------------|
| lifting torque, net                   | [kNm]   | 62                   |
| slewing torque, net                   | [kNm]   | 20                   |
| slewing range                         | [°]     | 340                  |
| weight with 8-fold slider w/o grabber | [kg]    | 1100                 |
| maximum operating pressure            | [bar]   | 200                  |
| pump flow rate, recommended           | [l/min] | 1x70                 |
| timber grabber                        |         | FG 160 / S,<br>FG180 |
| recommended net tractor weight        | [kg]    | 5500                 |
